## EXPERIENCE

### Boostup Digital | Front-end Developer(Internship)

Bhopal | Jan 2024 - June 2024

Worked on developing and maintaining responsive user interfaces using HTML, CSS, modern JavaScript (ES6+). Collaborated with the design and development teams to implement clean, efficient, and user-friendly web pages. Gained hands-on experience with real-world projects, code optimization, and cross-browser compatibility.

## SKILLS

Programming Languages: HTML, CSS, JavaScript, PHP, C++

Libraries/Frameworks: Bootstrap, Laravel, jQuery

Tools / Platforms: GitHub, Visual Studio Code

Databases: MySQL

## PROJECTS / OPEN-SOURCE

### Employee Attendance Management Web Application | [Link](#) *PHP (Core PHP with PDO), MySQL, HTML, CSS, Bootstrap, JavaScript*

Developed a role-based attendance management system with separate dashboards for Admin and Employee.

Implemented secure login, attendance marking, employee profile management, and data export features.

Created dynamic charts (Pie & Bar) to visualize employee presence, department-wise statistics, and daily reports.

### Recipe Web Application | [Link](#)

*HTML, CSS, JavaScript, REST API*

Built a responsive recipe web app using HTML, CSS, and JavaScript that fetches recipes from an API, with real-time search and category-based filtering. Focused on dynamic content and clean UI.
